Removes contaminants and heavy metal dusts from the skin

Convenient, portable, one step cleaning and metal removal. Quickly lift, remove and safely hold heavy metal residue without smearing.

Soft D-Wipe® Towels are saturated with a special cleaning and moisturizing formula that removes multiple layers of lead, heavy metals and other contaminants from the skin.

**D-WIPE TOWELS REMOVE LEAD, CHROMIUM, MERCURY, NICKEL, CADMIUM, ARSENIC, SILVER, ZINC AND MOST OTHER HEAVY METALS**

## D-Lead® Surface Wipes

### Clean up Lead Dust

Ready to use wipes are pre-wetted with the right amount of Phosphate Free D-Lead® Ready to Use Surface Cleaner. Large 12" x 9" towel provides plenty of cleaning surface and fits most common towel mop heads. For maximum cleaning economy, wipes can be re-wet with D-Lead® Ready to Use Surface Cleaner.

Item#	Towel Size	Towel / Package
PD-T048	12" x 9" (305 x 230 mm)	8 x 48 ct

Fits standard mop heads

**D-LEAD REMOVE LEAD, CHROMIUM, MERCURY, NICKEL, CADMIUM, ARSENIC, SILVER, ZINC AND MOST OTHER HEAVY METALS**
